## Make the best superannuation choice

Nambawan Super believes that super is for everyone, whether you are a private sector organisation, a small to medium enterprise, or a Government department or agency.

## PNG laws on superannuation

It is mandatory for companies and individuals that fall under the following categories to contribute to a superannuation fund:

- companies that employ or engage more than 15 people;
- individuals who work more than 3 months, and are employed by a company that employs more than 15 people.

Those employers must pay 8.4% based on each employee's gross salary, and deduct and facilitate payment of 6% from each employee's gross salary to their nominated super fund.

## Benefits for our members include:

- Access to over 150 discount partners nationwide.
- Annual member engagement program, where members can attend informative seminars and participate in our member financial literacy training program.
- Access to 100% of their own contribution through the Housing Advance facility, to help buy, build or renovate a home.
- The opportunity to make additional voluntary contributions, giving your employees' retirement savings a real boost.
- Access to Nambawan Retirement Savings Account, which helps members use their savings wisely after retirement.
- We offer easy and convenient access to account information via mobile Smart App, SuperText SMS and online.
- Branches all over PNG
