

## This message is to the settlers living on Portions 2156, 2157 & 2159, (known as Bushwara) in 9 Mile Port Moresby.

As you are aware, Nambawan Super Limited (NSL) has appointed a Project Management team whose focus in the next three months is to work with NCDC and other authorities to try and secure a “win-win outcome” for the stakeholders.

The Project Manager is working closely with relevant stakeholders and has been given until 28th July 2021 to find an amicable solution. Should there be no such solution reached between NSL and the relevant stakeholders, NSL reserves its right to take vacant possession of the site.

NSL has fought prolonged legal and bureaucratic battles to secure the site and during this time many people have been confused and misled into settling on the land.

We also wish to advise that NSL recently signed a Memorandum of Understanding (MOU) with the Department of Lands & Physical Planning on Thursday, 3rd June 2021. The MOU only covers Portion 2158, which is also NSL’s land.

### The MOU does NOT include Portions 2156, 2157 & 2159.

The Project Manager will be conducting regular awareness drives on the following dates to inform the settlers on the progress of the initiatives undertaken to try and achieve a “win-win outcome”:-

NO	DATE	VENUE
<del>1</del> already conducted	<del>Sunday 30 May, 2021</del>	Open Field, Bushwara 9 Mile
2	Sunday 13 June, 2021	
3	Sunday 27 June, 2021	
4	Sunday 11 July, 2021	
5	Sunday 25 July, 2021	

We encourage you to attend the awareness sessions so that you are well informed on the progress.

Thank you.
